

UNIVERSITY CALENDAR

The University Calendar is the official guide to KPU's academic programs, including admission requirements, curricular requirements, course descriptions, academic regulations, fees, and the academic schedule. This edition is in effect for enrollments from September 2023 through August 2024.

Students should consult the University Calendar, along with KPU's graduation audit software, My Action Plan (MAP) (<http://www.kpu.ca/myactionplan/>), in order to plan their courses and ensure they are on track to graduate. See *Previous University Calendars* if you are fulfilling requirements for graduation from a previous year's University Calendar.
